The ACF does not provide residential accommodation. The studio is a working space only and sleeping in the studio is strictly prohibited.

Interstate or overseas applicants need to organise and be responsible for their own off-site accommodation for the duration of the residency.

The Convent building, the residency location, provides wheelchair and universal access via a ramp and lift.

About the studio

The studio is a 10m² lockable space and is carpeted with a west-facing aspect. Facilities include free wifi, power points, access to wash up sink, heating, shared kitchenette, bathrooms and shower.

All creative studios at the Convent are fitted with highly sensitive smoke and particle detectors. The sensors in the building can be set off by changes in air density. For example, a high level of fumes, airborne particles, moisture or significant air movement can trigger the alarm. Therefore hard arts practices which include the use of sanding or solvents are not appropriate.

To clarify any questions relating to your practice that might prohibit use of the space, please contact us (contact details at the end of this document).

During the residency

Residents can access discounted venue hire, which can be used for rehearsals, workshops or performances, etc, and discount parking rates.

There are a number of tenant social initiatives that take place at the Convent, including social nights, open studio days and morning teas (depending on COVID restrictions) – each providing opportunities to meet and mingle with other creative community tenants.

There are a number of excellent eateries on site including Cam's Kiosk, the Convent Bakery and Kappaya.
