I can't thank you enough for the time, patience and skills that you bring to your tutoring. You have been a godsend to us and I am not sure whether we would have actually made it without you!

Marisa Lawlor 2017 / Parent and teacher

My French has improved drastically and I know that I am a much more confident speaker.

Thanks for introducing me to new ways of learning and inspiring me to push my limits. I know that I will always value your teaching and effort.

I've really enjoyed this year of tutoring with you. I love the exam focussed training style you implemented as I feel it allowed me to reach my potential. Such a lovely and caring person. Thank you so much!

Thank you for your wonderful support of Kate – who came to her first tutoring session knowing very little and leaving having learnt so much!

I love that you are so passionate about teaching French – I think your enthusiasm rubs off on your students too!

Your guidance during Year 12 has been invaluable. You ensured that Kate was well prepared for her Oral Exam (and the mock oral exams you did were a stand-out for me!)

Merci d'être patiente et de m'aider à m'améliorer depuis quelques années. J'ai tellement appris grâce à vous. Non seulement au sujet de la langue française mais également sa culture unique. Les enseignants comme vous ne sont pas faciles à trouver. Merci beaucoup.

From Aurélie Zamolo, 2018 Assistant:

Merci à la plus cool des boss!!!

J'ai adoré travailler avec French tête-à-tête à tes cotés. J'ai beaucoup appris et je te remercie énormément pour tout ce que tu m'as transmis et permis d'accomplir ces quelques mois. C'est une organisation pleine de diversité où l'on fait de magnifiques rencontres. Bravo pour tout ce travail que tu mènes seule, je suis très admirative et je n'oublierai jamais cette merveilleuse expérience.

Thanks to the coolest of bosses!!!

I just loved working at French tête-à-tête alongside with you. I learnt a lot and I thank you enormously for all that you shared and allowed me to do those few months. [French tête-à-tête] is a very diverse organisation where one can have great encounters [with other people]. Bravo for all the work that you do single-handedly, I am in awe and I will never forget that fabulous experience.
